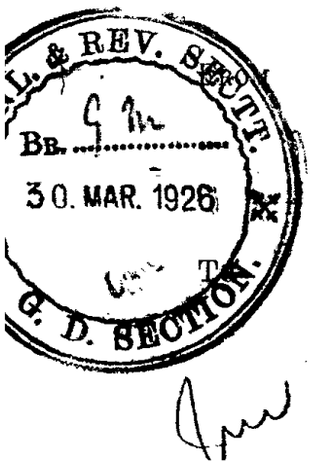
Dated Bangalore,.....30 March.....*192* 6.

116-25-1



JOHN BHORE, Esq., A.M.I.C.E., Etc.,
Chief Engineer of Mysore,
Bangalore.

B.Nagappa, Esq., Bar-at-Law.,
Secretary to Government, Local and
Legislative Departments,
Bangalore.

SIR,

With reference to para 2 of G.O.No.L.2208-12/Med. 124-22-12 dated the 13th September 1924, calling for an estimate for the construction of the compound wall to the Puttanna Chetty out patient ward and the Victoria Hospital at Bangalore as per boundary fixed therein, I have the honor to forward herewith for your information, a copy of letter No.752 of the 17th February 1926, from the Executive Engineer, Bangalore Division, reporting the action taken by the Bangalore City Improvement Trust Board on the subject. A copy of the enclosure referred to in the letter and the sketch plan are herewith forwarded for reference and return.

2. As the City Improvement Trust has taken needful action it is presumed that this Department has nothing more to do in the matter. The proposals are in order and may be approved.

I have the honour to be,

S i r,

Your most obedient servant,

29.3.26

HRR.2/27th.

Chief Engineer of Mysore.

Letter No.752 dated the 19th February 1926, from the Executive Engineer, Bangalore Division, to the Chief Engineer of Mysore, Bangalore.

Constructing a compound wall to the Medical College and the out-patient Dispensary attached to the Victoria Hospital.

With reference to your No.11947 dated 26-2-1925, calling fo a modified estimate for the above work as per instructions contained therein, I have the honor to report that the Special Engineer, City Improvement Works was addressed to furnish this office with a copy of the design of the wall proposed to be erect ed by that department in front of the Victoria Hospital for adoption. As the question of the design to be adopted was pending approval in that department for a long time, the copy of the approved design was received only in October 1925. Quotations had to be called for, for the ornamental railings. Subsequently when the estimate had to be prepared it was found that the Improvement Board has started constructing compound wall on the north side of the Medical College and Out patient dispensary as per enclosed plan. On finding this the Special Engineer was addressed to furnish this office with a plan as per actual layout of the compound wall by that department. On this the President City Municipality had a meeting of the officers noted in the enclosed minutes and had sent me a copy of the same for approval. From this it will be seen that the alignment of the wall has been deviated from the line settled in G.O.No.L.2200-12/Med.124-22-1 dated 13-9-24. I have returned the draft approved with a foot note stating that the extra strip of land round the band stand has to be taken possession by the Municipal Council only after Government accord their approval to the above proposals. I therefore, submit herewith a copy of the minutes and a tracing showing the layout of the wall for your information and orders.

On receipt of orders, the modified estimate for the compound wall will be submitted.

Minutes of the meeting held at the New Band Stand in front of the New Market Bangalore City at 8 A.M. on 5th February 1926.

==========

President.

1. Hon:President, City Municipality.
2. Municipal Commissioner, City Municipality.
3. Executive Engineer, Bangalore Division.
4. Special Engineer, City Improvement Works.
5. Assistant Engineer, No.1 Sub Division.

S u b j e c t.

Construction of a compound wall to the Medical College:-

The Executive Engineer, Bangalore Division said (1) that the line O.G.H. vide plan having been fixed as the Northern boundary line of the Medical College and the Victoria Hospital compound as per Government Order the ornamental railing which is being put up by the City Municipality, ought to have been put up along with that line, so as to serve as the compound wall for the Medical College also. (2) and that the projection of the Band Stand into the compound of the Medical College was not in - - -

comformiently with the Government Order fixing the Northern Boundary line of the Medical College.

The President and the Commissioner explained that the alignment fixed for ornament railing of the market circus was fixed according to a plan of lay out of the market circus that had been approved by the Government much earlier than and independent of the fixed of the northern boundary line of the Medical College. The plan of the Market circus was shown to the Executive Engineers in support of this fact. He agreed that the ornamental railing cannot be shifted.

As for the small projection of the Band stand into the compound of the Medical College, the president said that it was done in consultation with and the approval of Dr.Mylvaganam, the Principal of the Medical College and the larger interests of City development. In lieu of a small piece of medical college land occupied by the projection of Band stand the college will have along with the public the use of two big plots of Municipal lands B & C which are more than four times the area of projection.

The Executive Engineer, Bangalore Division, was of opinion that this arrangement of the plots B & C being used by the general public as well, would not conduce to the best interest of the Medical College and therefore he suggested some definite proposals should be made for the final allocation of the plots B & C to the exclusive use of the Medical College and the Victoria Hospital respectively.

The President, thereupon explained that the two plots were intended for providing seating accommodation to the general public while enjoying the band being played. If these are to be given away to the Medical College, an adequate space round the band stand has to be made available for the public.

Then it was agreed that a uniform width of 25 feet of space round band stand should be secured for providing seating accommodation to the public taking the necessary strip of land out of Medical College grounds for the purpose.

It was also decided that the ornamental railing should be erect completely around that band stand so that the grounds of the Medical College will be entirely enclosed on this side. The question of apportioning extra cost of railing was left to be decided later on.

The net result of the proposals will be vide sketch enclosed.-

(1) Segment shaped bit of land in red colour measuring 383 Sq. Yds. will be given by the Medical College to the Municipality after the approval of Government to the proposals.

(2). Plots B & C measuring roughly 1357 by the line of avenues will be made over of the Municipal Council approves by the Municipality to the exclusive use of the Medical College and the Victoria Hospital.

Manager.

The above draft of the minutes of the joint inspection is circulated to the President and the Executive Engineer, Bangalore District. The matter will have to go before the Municipal Council.

Approved.

Sd/.
10-2-1926.

Approved.

The extra strip round that band stand has to be taken possession

(21)

of by the Municipal Council only after Government accord their approval to the above proposals.

No. G.C. 331-1 Office of the Senior Surgeon in Mysore,
Enc. Bangalore, dated 7th May 1926.

From

Dr. B. Mahomed Usmon L.M.S., Md 116-25-1
Senior Surgeon with the Government of
His Highness the Maharaja of Mysore,
Bangalore.

The Secretary to Government,
Medical & Agricultural Departments,
Bangalore.

Sir,

With reference to your letter No. G.86367/Med.116.25.2, dated 19-4-1926, requiring my opinion on the fixing of the boundaries of the grounds of the Medical College and the out-patients' dispensary of the Victoria Hospital, I have the honour to state, that I am agreeable to 25 feet space round the Band Stand being given to the Municipality for the recreation of the public, provided the Municipality will continue along the eastern side of the College building and as far as the railing enclosure of the fountain, the parapet wall which is now made to end abruptly near the College building.

As it is, there is nothing to prevent the public from getting into the Medical College compound and committing nuisances as there is no compound wall or fencing between the railing enclosing the fountain and the Medical College. I have personally seen nuisances having been committed right round the College building.

The continuation of the parapet wall and railing as suggested above will not only ensure safety but also add to the beauty of the place.

I have the honour to be,
Sir,
Your most obedient servant,

B Usmon

Medical and Agricultural Departments,
B a n g a l o r e.

With reference to your letter No. G.8636-7/Med.116-25-2 dated 19th April 1926 regarding the construction of compound walls to enclose the grounds of the Medical College and the Outpatient Dispensary, I have the honour to report that the boundaries of the two institutions above mentioned as fixed in Government Order No.L.2208-12/Medl.124-22-12 dated 13th September 1924, have been modified and sanctioned in Government Order No. L.267-8/Ml.1-25-70 dated 14th July 1926. A plan is enclosed showing the revised boundary.

The Municipality have started as one of the City Improvement Works the construction of an ornamental wrought

wrought iron railing 2½' on a parapet wall 2' high, making a total height of 4½ feet along the revised boundary line on the north side and the same is nearing completion. This I believe will serve the purpose. The Medical Department or the P.W.Department need take no more steps on the northern side except providing a suitable wrought iron gate to the out-patient dispensary, which the Municipality have not provided for. But on the East from A to A' the P.W.D. have to put up an enclosure.

I have the honour to be

S i r,

Your most obedient servant,

Municipal Commissioner.

Forwarded with compliments.

Mohammed alias Kelian

Honorary President.

UNIVERSITY OF MYSORE

Med 116-25-6

No. 3573
Enc. one

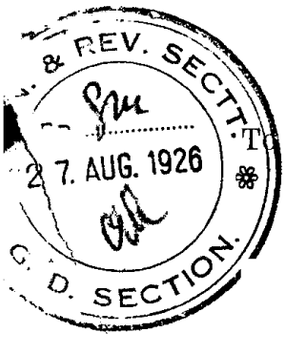
Office of the Mysore University.

Dated Mysore, 25th August *192* 6

To

FROM

B. M. SRIKANTIA, Esq., M.A., B.L.,
Offg. Registrar, Mysore University,
Mysore.



R.Ranga Rao, Esq., B.A., B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Medical and Agricultural Departments,
Bangalore.

Sir,

In continuation of this Office letter No.208, dated the 3rd July 1926, the question of fixing the boundaries of the grounds of the out-patient department of the Victoria Hospital and the Mysore Medical College, I am directed to state that the University Council are of opinion that the arrangements proposed by the President of the City Municipality regarding erection of the ornamental railing and compound wall may be approved, the plots B and C shown in the sketch being taken into the compound of the Medical College and the out-patient dispensaries respectively in lieu of a Semi-circular plot round the band stand.

The plan received with your letter of the 19th April 1926 is herewith returned.

I have the honour tobe,
Sir,
Your most obedient servant,

B. M. Srikantia
Offg: Registrar.

For perusal.
Orders approving this have already issued from the A-S-G Branch (as stated on the file separately and a few days ago.) No further action is necessary on this now.

OFFICE OF THE CITY MUNICIPAL COUNCIL,

Bangalore City, Dated 21st September 1926.

Med 116-25-8

From

B. T. KESAVAIENGAR, Esq., B. A.,

MUNICIPAL COMMISSIONER, MUNICIPAL COUNCIL,

BANGALORE CITY.

R. Ranga Rao, Esq, B.A., B.L.,
Secretary to Government of His Highness
the Maharaja of M y s o r e,
Medical and Agricultural Departments,
B a n g a l o r e.

Sir,

With reference to your letter No. G. 2605 dated 4th September 1926 forwarding copies of letters, from the Senior Surgeon in Mysore and from the Registrar, Mysore University, in the matter of the construction of compound walls to enclose the grounds of the Medical College and the Out Patient Dispensary attached to the Victoria Hospital Bangalore, I have the honour to state that the request of the Senior Surgeon asking the Municipality to continue the parapet wall along the Eastern side of the College building as far as the railway enclosure of the fountain does not seem to be equitable, as the Municipality has already gone beyond its way, in constructing the parapet wall as far as the Medical College building though the same should have been done by the Medical Department, in order to prevent people from getting into the compound of the College and commiting nuisance therein. The Chief Engineer in Mysore, who is in charge of all Government buildings has accepted the proposals of the Municipality and the Registra of the Mysore University also has communicated the approval of the University Council to the transfer of land and construction of the parapet wall with railing as shown in the sketch.

Under these circumstances there seems nothing further

(36).

further to be done by the Municipality.

I have the honour to be,

S ir,

Your most obedient servant,

Municipal Commissioner.

Forwarded with compliments.

Honorary President,
City Municipal Council,
Bangalore.

SIR

With reference to your letter No.G. 4755/Med.116-25-9 dated the 10th November 1926, in the matter of providing a compound wall to the Out-patient Dispensary block to the Victoria Hospital and the Medical College building at Bangalore, I have the honor to inform you that the cost of the work as per detail -ed estimate herewith forwarded is Rs.3,510.

2. There is no provision for the works in the Budget Estimate for the year 1926-27 nor is it possible to provide requisite funds by reappropriation.

Under the circumstances, the work has to be held in abeyance for the present and taken up at the next budget time.

Sir,

With reference to the correspondence ending with your letter No. (1) G.C.331-1 dated the 7th May 1926 (2) 5561 dated the 13th December 1926 about providing a compound wall to the out-patient dispensary of the Victoria Hospital and the Medical College, Bangalore, I am directed to state -- that there will be no need for a compound wall as this building will be sufficiently protected by the railing which the Bangalore Municipality intends to put along the Fort Main Road. The question may therefore dropped for the present.

I have etc.,

General Secretary to Govt.

Chief Secretary to Government,
Bangalore.

SIR

With reference to correspondence ending with your letter NO.G. 8782/Med.116-25 dated the 16th February 1927, regarding the proposal to continue the railing to the Puttanniah Chetty Out-patient Dispensary Block and the Medical College at Bangalore, I have the honor to inform you that the work of providing railing to the Victoria Hospital in front of the New Market was undertaken and completed by the Bangalore City Improvement Trust Board.

2. The Board of visitors of the Victoria Hospital at their meeting held on the 28th August 1926, passed a resolution (noted in the margin). The cost of the gate is estimated at Rs.390. The work cannot be taken up this year for lack of funds. It is also a point if the Trust Board should be asked to provide a gate at their cost as they originally constructed the railing.

> "A gate is urgently wanted for the out-patients' Dispensary to keep out stray cattle and Donkeys as well as wandering beggers who find a sleeping place at night in the verandahs."

I have the honour to be,
S i r,
Your most obedient servant,
